

I have been a subscriber to XM Radio for at least 2 years now and I must say it is a welcome relief to be able to listen to a variety of music, news and commentaries. I choose to pay for these services and if I choose to do that then I feel that the NAB should not tell me what I have to listen to. It's bad enough that I have to sit through over 15 mins of commercials for a 60 min. show for television I have to pay for. It's a real pleasure to listen to the radio and know I won't be hearing nothing but commercials. I urge you to reject the NAB's Petition 04-160 and continue to allow XM to broadcast commercial free to the masses who choose to pay for it. Thank you.
